Hi Douglas, I made some changes to rearrange the bullets, but this bullet seems to not fit in quite right. Do we mean they were revise *draft* permits? And what's the distinction that they addressed past/previous tribal input?

“In August 2019 EPA issued revised UIC permits for the proposed Dewey Burdock uranium ISR project; the revisions were made in response to previous tribal consultation input and public comments received on its initial draft permits in 2017.”
